

3P Water Butt "Barrique"

Barrique

The Traditional Barrel

3P Water Butt Barrique

An attractive wood effect barrel based around an old oak beer barrel. The Barrique has a truly superb level of detailing. This space saving water butt is a classic design and will look good in all types of gardens. The water butt features a brass $\frac{3}{4}$ " connection point for a screw in tap and a side outlet for draining or connecting to another tank.
