PRODUCT SPECIFICATION SHEET 01.10.2008 Release date: 19.10.2017* **Revision date:** PM11 UN IBC 1000L HPDE natural UV, Top Article description: opening 150 mm, lid closure with EPDM gasket, SSD40 vent/ D17 gore degassing system, screwed discharge valve DN 50 (2") PM11 UN 2" DN150, NATURAL, EPDM, D17 Maschiopack internal reference: gore//SS40 vent Maschiopack article reference: 11UN.2.1.1.150.2.1 **Customer article reference:** *IBC007 30/08/2011 Specification date: **Construction:** steel tube cage with inner container out of HDPE and composite/Steel frame pallet. Width (mm): 1000 +5/-5 **Dimensions:** Height (mm): 1151 +15/- 10 1200 +5/-5 Lenght (mm): 50 Outlet spout (NW (mm) Filling spout NW (mm) 150 Mass inner container (kg): 15,0 +/- 0,250 Mass: 52,50 +/- 0,500 Mass total (kg): Nominal volume (I): 1000 Brimful capacity (I): > 1060 Standard liquids approval: Standard liquid Density Water 1,9 Wetting Solution 1,4 Mixture of hydrocarbons (white spirit) 1,4 1,4 Acetic Acid 1,5 nitric acid (55%) normal butyl acetate 1,4 1,4 normal butyl acetate-saturated wetting solution

Outlet fitting: Outlet fitting: Outlet nozzle: Inner container: Pallet: Screw cap filling spout: Seal Foil: Outer Container	Grid plate: steel galvanized Butterfly valve DN50; HDPE, blue handle and safety guard - gasket PTFE - outlet nozzle: HDPE, connection s60x6 HDPE, connection s60x6 HDPE black HD-PE UV natural Composite steel frame pallet Screw cap HDPE, black, closed. Al-lined PE foil Rectangular grid box with one document plate at front side with take-back ticket and a second document plate at the backside Rectangular extrusion blow molded tank with screwable DN50 valve on the bottom of the front side with blue handle and originality specific second from and close surface from of
Outlet nozzle: Inner container: Pallet: Screw cap filling spout: Seal Foil: Outer Container	safety guard - gasket PTFE - outlet nozzle: HDPE, connection s60x6 HDPE black HD-PE UV natural Composite steel frame pallet Screw cap HDPE, black, closed. Al-lined PE foil Rectangular grid box with one document plate at front side with take-back ticket and a second document plate at the backside Rectangular extrusion blow molded tank with screwable DN50 valve on the bottom of the front side with blue handle and originality
Inner container: Pallet: Screw cap filling spout: Seal Foil: Outer Container	HD-PE UV natural Composite steel frame pallet Screw cap HDPE, black, closed. Al-lined PE foil Rectangular grid box with one document plate at front side with take-back ticket and a second document plate at the backside Rectangular extrusion blow molded tank with screwable DN50 valve on the bottom of the front side with blue handle and originality
Pallet: Screw cap filling spout: Seal Foil: Outer Container	Composite steel frame pallet Screw cap HDPE, black, closed. Al-lined PE foil Rectangular grid box with one document plate at front side with take-back ticket and a second document plate at the backside Rectangular extrusion blow molded tank with screwable DN50 valve on the bottom of the front side with blue handle and originality
Screw cap filling spout: Seal Foil: Outer Container	Screw cap HDPE, black, closed. Al-lined PE foil Rectangular grid box with one document plate at front side with take-back ticket and a second document plate at the backside Rectangular extrusion blow molded tank with screwable DN50 valve on the bottom of the front side with blue handle and originality
Seal Foil: Outer Container	Al-lined PE foil Rectangular grid box with one document plate at front side with take-back ticket and a second document plate at the backside Rectangular extrusion blow molded tank with screwable DN50 valve on the bottom of the front side with blue handle and originality
Outer Container	Rectangular grid box with one document plate at front side with take-back ticket and a second document plate at the backside Rectangular extrusion blow molded tank with screwable DN50 valve on the bottom of the front side with blue handle and originality
	at front side with take-back ticket and a second document plate at the backside Rectangular extrusion blow molded tank with screwable DN50 valve on the bottom of the front side with blue handle and originality
Inner container:	screwable DN50 valve on the bottom of the front side with blue handle and originality
	seal. Smooth, clean and clear surface free of impurities and faults.
Pallet:	Composite steel frame pallet 1000X1200X115h.
Closure Outlet Spout (tube):	DN50-outlet with AL-lined PE foil and screw cap hdpe tightly closed - outlet nozzle enclosed.
Closure fitting spout (tube):	Filling opening 150 mm (6") - with injection moulded and leadable screw cap.
Cage:	galvanized welded steel, round vertical tubes 0,9 mm thickness profiled round horizontal tubes 0,9 mm thickness
Following documents on front document plate:	* Maschiopack take back ticket service * UN label
