

GO WITH THE FLOW.

TecPump 600 system (mounting bracket with automatic dispensing nozzle and optionally with meter)

TecPump 600 system

Electric, self-priming vane pump, for diesel, gas oil, and radiator antifreeze with dispensing hose, meter, and automatic A 2010 dispensing nozzle incl. swivel hose joint

- Delivery rate up to 60 l/min.
- Supply voltage 230 V/50 Hz
- Integrated filter on the suction side
- Integrated siphon protection
- 4 m dispensing hose
- Includes A 2010 dispensing nozzle
- Mounting bracket for wall mounting
- Optional: incl. analog or digital meter, non-digitally calibratable

Part no.	Description
UK 110 350 400	TecPump 600 system with 4 m dispensing hose and A 2010 nozzle (Right to Left flow)
UK 110 360 400	TecPump 600 Z 400 system with 4 m dispensing hose and A 2010 nozzle (Right to Left flow)
UK 110 370 400	TecPump 600 FMT 3 system with 4 m dispensing hose and A 2010 nozzle (Right to Left flow)

FMT 3

Z 400

Electric pump TecPump 600

Electric self-priming pump for use in agriculture, industry, workshops and similar facilities.

Description:

- Self-priming
- For diesel, gas oil EL/L, and radiator antifreeze (concentrate)
- Integrated filter on the suction side

Optional:

- FMT 3 meter or Z 400 meter
- ZV 2000 or A 2010 dispensing nozzle
- Mounting device for wall mounting

Technical characteristics

Pump type:	Vane pump
Temperature of medium:	-10 °C to +40 °C
Ambient temperature:	-20 °C to +40 °C
Max. suction lift:	4.0 m*
Max. nominal delivery pressure:	2.0 bar*
Max. nominal delivery volume:	60 l/min
Barrel thread:	G 2" connecting thread
Intake side:	G 1" connecting thread
Cable length:	2.0 m
Protection class:	IP 54
Nominal voltage:	230 V / 50 Hz
Power rating:	370 W
Rated current:	4.5 A
Running time:	100 %
Dimensions (B x H x T):	approx. 150 x 182 x 245 mm
Weight:	approx. 7.6 kg

*Values for: Immersion depth of 1600mm, DN19 x 4000 mm pressure hose with dispensing nozzle

GO WITH THE FLOW.

Diesel pump

TecPump 600:
 Robust, versatile
 and high-performance

The new **TecPump 600** vane pump for the conveying of diesel, gas oil, and radiator antifreeze concentrate impresses with its robustness and high delivery rate.

The **TecPump 600** is available in many variants, which means it is tailored to many applications in agriculture, workshops, and industrial settings. A variety of configurations make the pump indispensable in many areas of use.

The benefits:

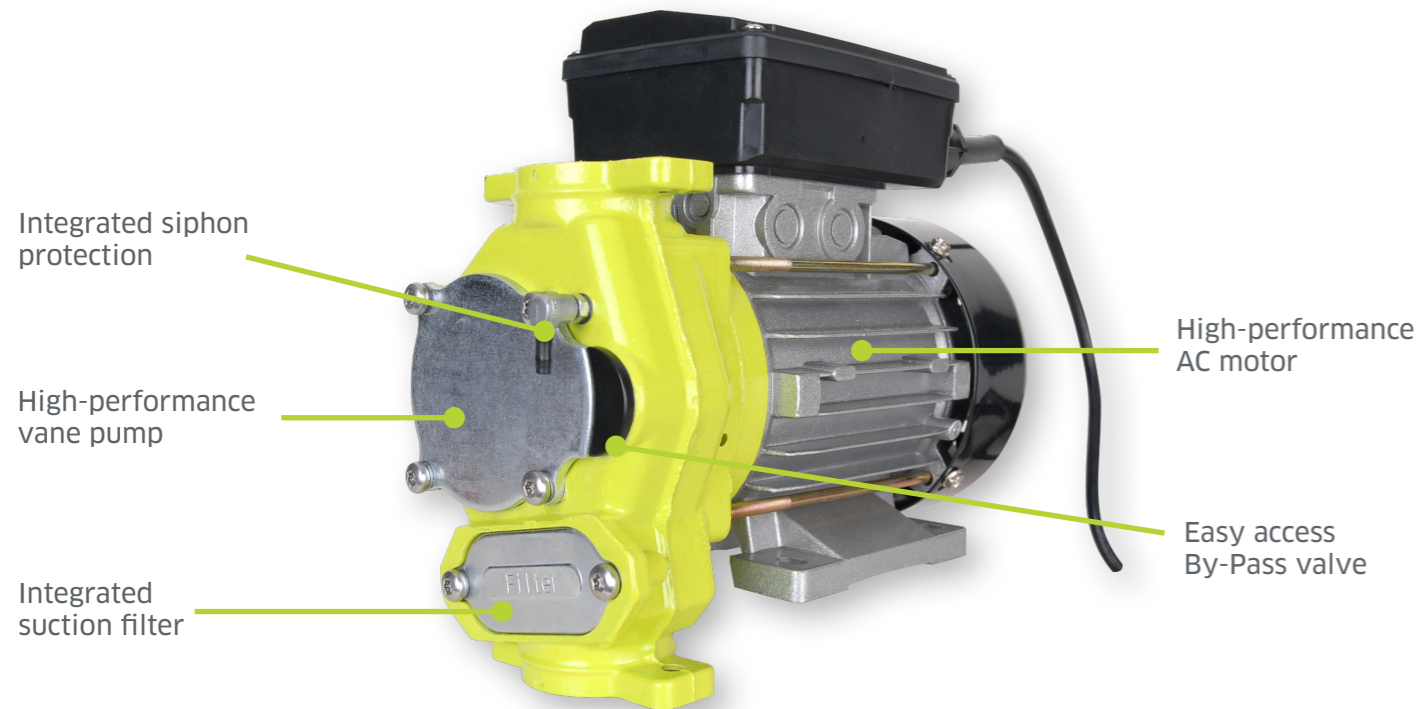

- Delivery rate of up to 60 l/min.
- High throughput
- Integrated suction filter
- Easy to integrate into existing systems with a wide range of applications
- Long-life
- Integrated overflow valve

A HORNGROUP BRAND

TecPump 600

TecPump 600 (without accessories)

TecPump 600 without accessories

Electric, self-priming vane pump, for diesel, gas oil, and radiator antifreeze (undiluted)

- Delivery rate up to 60 l/min.
- Supply voltage 230 V/50 Hz
- Integrated filter on the suction side
- Suction stage with integrated siphon protection (Part no. 105 600 000)

Part no.	Description
UK 105 600 000	TecPump 600 standard (Right to Left flow)
UK 105 600 100	TecPump 600 standard (without siphon protection) (Right to Left flow)

TecPump 600 eco (set with hose and manual dispensing nozzle)

TecPump 600 eco

Electric, self-priming vane pump, for diesel, gas oil, and radiator antifreeze with dispensing hose and manual dispensing nozzle incl. swivel hose joint

- Delivery rate up to 60 l/min.
- Supply voltage 230 V/50 Hz
- Integrated filter on the suction side
- Suction stage with integrated siphon protection
- 4 m, 6 m, or 8 m dispensing hose
- Includes ZV 2000 manual dispensing nozzle
- Bottom to top flow direction

Part no.	Description
UK 105 610 400	TecPump 600 eco with 4 m dispensing hose
UK 105 610 600	TecPump 600 eco with 6 m dispensing hose
UK 105 610 800	TecPump 600 eco with 8 m dispensing hose

TecPump 600 standard (with automatic dispensing nozzle and optionally with meter)

TecPump 600 standard

Electric, self-priming vane pump, for diesel, gas oil/EL, and radiator antifreeze with dispensing hose, meter, and automatic A 2010 dispensing nozzle incl. swivel hose joint

- Delivery rate up to 60 l/min.
- Supply voltage 230 V/50 Hz
- Integrated filter on the suction side
- Integrated siphon protection
- 4 m, 6 m, or 8 m dispensing hose
- Includes A 2010 automatic nozzle
- Optional: incl. analog or digital meter
- Bottom to Top flow direction

Part no.	Description
UK 105 620 400	TecPump 600 standard with 4 m dispensing hose and A 2010 nozzle
UK 105 620 600	TecPump 600 standard with 6 m dispensing hose and A 2010 nozzle
UK 105 620 800	TecPump 600 standard with 8 m dispensing hose and A 2010 nozzle
UK 105 621 400	TecPump 600 Z 400 with 4 m dispensing hose and A 2010 nozzle
UK 105 621 600	TecPump 600 Z 400 with 6 m dispensing hose and A 2010 nozzle
UK 105 621 800	TecPump 600 Z 400 with 8 m dispensing hose and A 2010 nozzle
UK 105 622 400	TecPump 600 FMT 3 with 4 m dispensing hose and A 2010 nozzle
UK 105 622 600	TecPump 600 FMT 3 with 6 m dispensing hose and A 2010 nozzle
UK 105 622 800	TecPump 600 FMT 3 with 8 m dispensing hose and A 2010 nozzle
