Ideal for use as an extra storage container for water, oil or diesel

Manufactured from strong, durable, UV stabilised medium density polyethylene which will never rust, fade or require painting

An access cap is located on top of unit which can be left sealed if required

Optional drainage bung or tap can be fitted upon request

The Balance Tank should be completely supported underneath. Concrete lintels are ideal and should protrude at least 2 Inches" past the tank on all sides.

Available in blue or black as standard.
