

# 3P Wall Tank

## 800 Litre Space Saving Superior Wall Tank

A durable, premium quality tank for garden rainwater storage.

Slim and smooth with an improved aesthetic design and increased capacity of 800 litres. Simple design, yet with a small space saving footprint.

Has three inset brass connectors at 3/4", one tap point and two for further tank or pump attachment.

Fill with filtered rainwater from the 3P Filter Collector.

*Available in Green, Black, Grey Granite or Sandstone*

### Wall Tank Features

- Size 800mm x 600mm x 1790mm
- Weight 37kg, sealed construction
- Material PE (Polyethylene)

The dimensions given are a close approximation and not 100% exact due to tanks flexing – they may vary very slightly.
